

# CIA WORLD RANKING LIST– HOT AIR BALLOONING - 2016

of the Commission International Aérostatique (CIA) within the Fédération Aéronautique Internationale (FAI)

Version März 2016 includes 944 Pilots from 37 Nations

The World Ranking List was first established in 2000. Its purpose is to show a ranking of the top hot air balloon pilots of the world. The list is established by a calculation formula that includes the results of the World Championships, the World Air Games and to minor effect the competitor's national ranking position. The list is updated whenever new results of the World Championships or the World Air Games are available. All former lists expired by January 9th 2016.

The intention of this World Ranking List is to provide a performance comparison among pilots of the world. This World Ranking List is not to be used for invitational purposes!

The calculation formula of this Ranking List was established over 10 years ago and might be adapted. Intention: Uploading NAC results should not change the top 100, but only modify the list beyond rank 100.

A service by the Competitors Subcommittee of the CIA / FAI. Detailed explanation is available on request.
